We are happy to forward to you an invitation to an interesting event by the LBS Austria Alumni Club.

I'm delighted to invite you for the first Austria LBS Alumni event 2017.

Our guest will be Shani Ospina. Shani is LBS Alumni and Co-founder of The Cognitas Group in London. She will guide us within her workshop to

"The Power of Mindset"

Mindsets are often the missing ingredient in creating lasting change, but for most of us, they are intangible and hard to grasp. In this highly experiential workshop we will:

1. Understand what mindsets are, how they come about, and why we need them
2. Explore our own mindsets and how they help or hinder us to achieve the personal or professional results we want
3. Practice using practical tools to shift the mindsets that hinder us

Date: Thursday March 16, Admission 18:00, Start 18:30

Venue: Schöllerbank 1010 Vienna, Renngasse 3

The event is free of charge, nevertheless to prepare access cards etc please confirm your participation by email to mbaumgartner.adp54@london.edu not later than March 10. If we run into overbooking please accept first come – first serve.

Hope to see you there, Martin

We look forward to seeing you again!

Best regards,
Elisabeth & Alex
