

**HARVARD CLUB  
OF AUSTRIA**

Vienna, June 7<sup>th</sup> 2010

*An evening packed with interesting presentations, discussions and social networking*

Dear Club Members,  
dear friends of the Harvard Club of Austria,

we are pleased to invite you to our last event before summer on

**Wednesday, June 23, 2010, 6.30 p.m.**  
**at the club rooms of the Foreign Policy and United Nations Association of Austria (ÖGAVN)**  
**Hofburg/Stallburg Reitschulg. 2/2. OG, 1010 Vienna**  
(for details on the location, see the attached map)

The program:

*Delete – The Virtue of Forgetting in the Digital Age*  
*A presentation by and discussion with Prof. Viktor Mayer-Schönberger*

With his new book *Delete*, Viktor Mayer-Schönberger, internationally known as *the* expert on policy questions of the Digital Age, wrote an eye-opener, describing the dangers of everlasting digital memory. Potentially humiliating content on Facebook is enshrined in cyberspace for future employers to see. Google remembers everything we've searched for and when. The digital realm remembers what is sometimes better forgotten. We look forward to discussing the hot topics around the surprising phenomenon of perfect remembering in the Digital Age with Prof. Schönberger, an Austrian native who was professor at Harvard University's JFK School of Government for more than 10 years.

*1 year HCA Student Chapter - Life as a Harvard student in turbulent times*

Austrian students and members of the HCA Student Chapter from the different Harvard schools (law, government, business) tell about their experiences, the atmosphere on campus and the Student Chapter events. How has the worldwide economic crisis influenced daily student life? Is Harvard living up to its reputation as elite university? How has the Student Chapter enriched the student life?

*Drinks and light finger food*
