

Neujahrstammtisch

Dear fellow club members,

We hope everyone enjoyed some downtime over the holidays and had a fantastic start into the New Year!

You'll be happy to hear that our friends on the board have been scheming and working hard for weeks to organize a number of exciting, interesting and fun events for club members in 2013. We already look forward to sharing the details on these events with you in the coming weeks and months.

First of all, let's start of the New Year with a "Neujahrstammtisch", our tradition of more informal gatherings, scheduled for Tuesday, January 22, 2013, at 7.30 p.m. As usual, we will meet at the lovely Restaurant Limes, Hoher Markt 10, 1010 Vienna. As an incentive for club members to attend, we have two very special guests, Prof. Michael Shinagel, dean of the Harvard Extension School, who will be visiting Vienna with his wife, Marjorie North, herself a lecturer on Public Speaking at the Harvard Extension School. For your reference, we are attaching two short biographies with some interesting background information on Michael and Marjorie.

We are very happy to welcome these special representatives of Harvard University in Vienna and, accordingly, are looking forward to a spectacular attendance rate by club members on Jan. 22.

Best regards,
Christof & Sascha
